

# The **DURAVAULT TL15**

## U.L. TL15 Composite Burglary Safe

DV 400

**U.L.-LISTED TL15** – Underwriters Laboratories certified burglary resistance and a one-hour manufacturer's fire rating for your peace of mind.

**LOCKS** – U.L.-listed manipulation resistant high-security combination lock with spy-proof dial.

**KEY LOCK** – The DURAVAULT is prepped to accept an optional, high security auxiliary key lock.

**FULL COMPOSITE CONSTRUCTION** – All six sides of the DURAVAULT are shielded by our proprietary barrier matrix enclosed within a high strength steel form.

**BOLTWORK** – Massive 1.5" diameter chromed high tensile steel bolts interlock within reinforced bolt chambers.

**GLASS RELOCKERS** – A sophisticated tempered glass relock trigger activates multiple independent locking systems to protect against severe burglary attacks.

**HINGES** – High quality adjustable ball bearing hinges provide years of dependable service.

**BOLT-DOWN PROVISIONS** – The DURAVAULT includes a counter-sunk anchor hole for bolting the safe securely to the floor.

**ADJUSTABLE SHELVES** – All models are supplied with adjustable shelves.

*For the ultimate combination of technology and craftsmanship.*

*Technology and craftsmanship you can trust!!*  
**The DURAVault TL15**

The DURAVault offers the ultimate in TL15 security. With its 3.5" thick body and 4" thick door comprised of the latest generation of high strength alloys combined with our proprietary barrier material, the DURAVault is a burglar's worst nightmare. In order to achieve the highest quality and level of security, the bolt mechanism as well as its inner and outer plates are laser cut and formed for the highest degree of accuracy.

Add to these strengths our anti-penetration grid and sophisticated glass relocking system for the best TL15 safe GUARANTEED!

**Options available**

- U.L.-listed electronic digital locks.
- Time locks.
- Inner compartments.
