* For "TL-30" Safes, Add -F to Model #. Example: #OG-452420-F

** Deduct 1" from Inside Height and 1/2" from Inside Width for Actual Clear Dimensions.

*** Add 3" to Outside Depth for Handle and Hinge Allowance.

Other Standard and Custom Sizes Available . . . All Attractively Priced.

BRIDGEMAN'S ONGARD™ series of U.L. rated TL-15 and TL-30 burglary resistant safes offer recognized protection at economical prices. ONGARD™ safes provide easy access, large storage capacity and the latest in simplicity, design and technology.

STANDARD LOCKING:

- A. Front facing Group II combination dial. Standard on safes 60" tall and less (direct drive).
- B. Viewgard™ Group II combination dial. Standard with operating handle on safes taller than 60" (indirect drive).

OPTIONAL LOCKING:

- C. Electronic keyboard combination lock provides quick and easy locking and unlocking after primary combination lock is opened. Four digit combination is easily reprogrammable. Unauthorized tampering activates lockout feature. This option is in lieu of standard combination lock (TL-15 and TL-30). Also can be programmed for time delay opening.
- D. U.L. listed changeable high security key lock in lieu of standard combination lock (TL-15 only).
- E. 144 hour time lock in addition to locks A, B, C or D.

ADDITIONAL LOCK OPTIONS (NOT SHOWN):

- 1. Group I Combination lock in lieu of standard Group II
- 2. Group IR Combination lock in lieu of standard Group II
- 3. Time Delay Combination lock in lieu of standard Group II (Indirect Drive Only)
- 4. Silent Signal Armed Robbery Device
- 5. Burglary Alarm Module (door contact, heat detector and vibration detector)

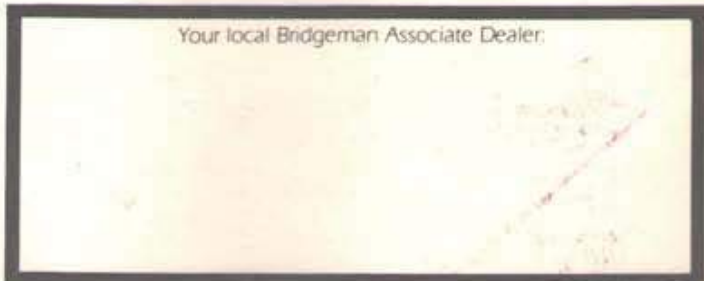

Note: 4 and 5 must be connected to an existing alarm system by others

STANDARD SPECIFICATIONS:

ONGARD™ safes are standard with right hand swing doors, (left hand swing must be specified at time of order). Light tan color, Direct drive (3) way boltwork on safes 60" tall and less. Indirect (1) way offset boltwork on safes taller than 60". Adjustable ball bearing hinges. Body is 1" thick carbon steel with 50,000 lb tensile strength. TL-15 door is carbon steel; TL-30 door has additional 120,000 PSI alloy laminate.

INTERIOR AND CUSTOMIZING OPTIONS:

Door mounted roll coin racks-interior modular lockers (see separate interior specifications sheet)-adjustable shelves — custom logo or goldleaf artwork-custom depository safes.
