Negotiable Securities

(Model TDR4-2418-16 right swing configuration)

“We Offer the **Largest Selection of Torch & Drill Resistant Safes in the Industry**”

Diamond TDR Series (Equivalents): **3900** (TRTL-15x6) • **4000** (TRTL-15x6) • **5000CD** (TRTL-30x6)
ISM Series: Super Treasury TRTL-30x6 • Super Platinum TRTL-60x6

Since 1904, we have been relied upon by the world’s largest diamond houses, finest jewelers & watchmakers, protecting billions of dollars in value. **This series is ideal for jewelers, cash handling & other businesses, executive offices...and high-end residential applications where we offer customized jewelry & watch interiors.** Lightweight characteristics & a streamlined design make these safes ideal for high rise buildings and where floor loading is limited.

*OD pertains to "Overall Depth" of the safe which Includes Hinge and Handle Projections / All Models Prepared for Anchoring

~ TDR3 models are VdS Certified Grade III & TDR4 models are LPCB Certified Grade IV ~

The Diamond TDR 3900 / 4000 Series is the result of our continuing effort to develop high quality security products to better meet the requirements of a wide variety of end users. **Maximum security** is assured by the utilization of our **TDR cast alloy defense material, consisting of a torch resistant aluminum casting with drill resistant inclusions. Its thorough overall design plus body and door casting provides consistent six-sided protection throughout,** proven to **withstand concentrated torch, tool, disk cutter and explosive attacks.** The only difference between the security grades is the 3900 series safes are prepared for one lock and the 4000 series are prepared for 2 locks which is why insurance underwriters consider the 3900 series equivalent to the TRTL-15x6 security level.

Features:

- **UL Group 1 Manipulation Resistant Combination Lock**
- **Optional Locks & Security Features** Including the "Paxos Advance Redundant Electronic System"
- **Glass Plate Protection / Multiple Relocking Devices**
- **Protection From Side Attacks** On Cross-locking Boltwork & Locking Mechanism
- **Slotted Shelf Standards & Slide-In Shelves** Provides Added Security Features Not Found in Other Safes
- **Lightweight Characteristics** Models can be Transported in Small Elevators / Up & Down Flights of Stairs
- **Streamlined Design** Models Fit Through Narrow Doorways / Into Tight Spaces / Under Counters, Desks, etc.
- **Custom Interiors & Finishes**
 - **Business Applications:** Full Extension Drawers / Shelves and Private Compartments Available
 - **Residential Applications:** Standard & Custom Jewelry & Watch Drawers & Trays, Compartments, etc.
- **39 Additional Standard Plus Custom Depth Models Available** - Please Call For More Information
