## DIAMOND SAFES

---

We have created a selection of high security torch and tool resistant safes for the protection of jewelry, watches, cash and other items of high value.

The Diamond Series is a scaled down version of the ISM high security safes we designed for the jewelry and banking industries.....

.....ideal for installation in businesses and homes.

**Construction** The body and door of this safe are filled with a casting of Alchronite, ISM's one piece cast barrier material (the same material used in the ISM Super Treasury TRTL-30x6 Models). Its unique and one-piece "tailored" body cast provides consistent protection throughout, proven to withstand concentrated torch, flux, tool and explosive attacks.

**Locking Mechanism** The safe is secured by a UL Group 1 combination lock. This lock is protected internally with a tempered glass plate activated relocking mechanism, which, upon attack, secures the boltwork in the locked position.

**Door Swing** Doors are hinged on the right (as you face the safe). *Opposite side swing doors are available, and usually take 60-120 days to fulfill.*

**Lock Options** LaGard Digital Lock. *Please inquire for details.*

**Finish** Safes are finished with a durable textured paint surface. Charcoal gray is the standard color. *Custom colors and finishes are available.*

**Interior Fittings** We have designed custom interiors for these safes. For residential applications, the most popular are wood or metal drawer units with inserts for the storage of jewelry, watches, etc. Drawers are lined with velvet or ultra suede and come in a variety of colors. *We presently have standard designs for models EDC2515-12 & EDC3117-12 that are available for immediate delivery.*

**Installation** It is recommended that safes weighing less than 750 lb. be securely anchored inside a concrete wall or to the floor of the premises.

### **Model EDC 1312-10**

Inside Dimensions: 13.5"H x 12.5"W x 9.75"D  
Overall Dimensions: 19.25"H x 18"W x 18.5"D  
Overall depth with door open 90° is 32.25"  
Overall width with door open 180° is 31.5"  
Estimated Weight: 450 lb.  
Fitted with: (1) adjustable shelf

### **Model EDC 2113-12**

Inside Dimensions: 21.25"H x 13.25"W x 12.25"D  
Overall Dimensions: 27"H x 19"W x 20.75"D  
Overall depth with door open 90° is 35.75"  
Overall width with door open 180° is 33.5"  
Estimated Weight: 630 lb.  
Fitted with: (2) adjustable shelves

### **Model EDC 2515-12**

Inside Dimensions: 24.625"H x 15.25"W x 12"D  
Overall Dimensions: 31"H x 20.875"W x 22.875"D  
Overall depth with door open 90° is 40.5"  
Overall width with door open 180° is 38.5"  
Estimated Weight: 1,125 lb.  
Fitted with: (2) adjustable shelves

### **Model EDC 3117-12**

Inside Dimensions: 31"H x 17.25"W x 12.125"D  
Overall Dimensions: 36.875"H x 23"W x 22.875"D  
Overall depth with door open 90° is 42.375"  
Overall width with door open 180° is 42.5"  
Estimated Weight: 1,460 lb.  
Fitted with: (2) adjustable shelves

### **Model EDC 3020-20**

Inside Dimensions: 30"H x 20"W x 20"D  
Overall Dimensions: 35.875"H x 25.75"W x 29"D  
Overall depth with door open 90° is 56.5"  
Overall width with door open 180° is 48"  
Estimated Weight: 2,000 lb.  
Fitted with: (2) adjustable shelves

**Custom and higher security models are available.** Please inquire within.
