Designed to protect money collection where immediate deposit is required. Deposit can be made into the safe while the door is locked. Exclusive baffle design prevents contents from being removed through the entry opening. Hopper rotor is built into safe body and cannot be removed to gain access to the safe.

Heavy Duty Depositories Standard Design Benefits

- CLASS B Insurance Rating – 1/2" steel door with punch resistant bolt and relocking device to deter forcible entry. 1/4" steel body construction.
- Dual Custody Key Locks – Requires 2 keys to open door for absolute security.
- UL listed, S&G Group II combination lock.
- Triple boltwork with independent relocking device.
- Relocking device – If back cover is knocked off of lock, the independent relock device is activated, preventing bolt withdrawal. Available on either combination or dual key operated doors.
