SM-40 TL 30 Money Safe

Quality Security
with Maximum Efficiency

The Mosler SM-40 TL30 combines the protection of a Mosler TL30 money safe with the storage capacity of a cash tray storage locker into one unit occupying the floor space of a TL30 money safe only.

The TL30 money safe is equipped with a counterspy combination lock and an Underwriters' Laboratories listed relocking device. The money safe also has a two-key inner door thereby thwarting hold-up. The safe is anchored in a concrete block to prevent would-be burglars from carrying it away.

The locker can hold a large number of cash register trays—depending on tray size. Clerks can quickly pick up change fund trays at opening time and be ready for business within a few minutes. Extra trays for relief clerks can be stored in the locker until needed.

DIMENSIONS OUTSIDE		
HIGH	WIDE	DEEP
50"	26 $\frac{1}{4}$ "	26 $\frac{1}{4}$ "
DIMENSIONS OF LOCKER INTERIOR		
HIGH	WIDE	DEEP
19"	24"	22 $\frac{1}{2}$ "
TOP SHELF	24 $\frac{1}{8}$ "	21"
BOTTOM SHELF	24 $\frac{1}{8}$ "	6 $\frac{1}{4}$ "

WEIGHT OF COMPLETE UNIT: Approx. 2550 lbs.

This unit qualifies for the Mercantile Safe low class "F" insurance rate less 10% for the UL listed relocking device. It also meets the "F" classification rate for Money and Securities Broad Form.
