Fire Tested for 1.5 hours at 1,760 degrees

MUTUAL FIRE & BURGLARY SAFE

MUTUAL FIRE & BURGLARY SAFE

The MUTUAL Fire and Burglary Safe offers fire and burglary protection with enormously increased storage capacity. The safe provides an affordable way to store important documents and other valuables without compromising their security.

CONSTRUCTION

The MUTUAL Fire and Burglary Safe is constructed of top quality materials such as steel to BS4360-430 MPA tensile strength. Two inches of high density.

PROTECTION

All MUTUAL Safes come with a standard 3-wheel, spy-proof U.L. approved group 2M combination lock. Hardened steel plates along with a strategically placed glass activated relocking device protects the vital locking area. Locking bolts are a solid 3/4" in diameter. In addition to fire retardant material in the body and door of the safe, the door jam is equipped with a state of the art fire seal.

	Interior (HWD)	Exterior (HWD)	Weight (lbs)	Cu. Ft.	Shelving	"B"	"C"
