

Single-Door Safe—40-Inch Counter-Height

Your safes render triple duty when you incorporate them in a service or reception counter. Pages 149 and 155. In addition to shelves, Safe can be equipped with Cash Drawer, No. L1529 or Sectional Files for records of nearly any size. Page 164.

Safe Complete as Pictured, No. 2033Y

After fire's visit, when your insurance agent asks for "proof of loss," will you be able to furnish it, or will the necessary records be among the ashes? For small businesses, this safe is big enough to protect the essential records which will furnish such proof.

As the business grows, other safes of the same convenient size can be added. These safes can be allocated to departments so the person in charge has but a short distance to carry his records to safety.

Safe with Utility Section and Shelves — No. 2033Y

To order Safe complete with Utility Section No. 1542 and two, No. 1593 adjustable shelves, arranged as pictured at upper left, specify No. 2033Y.
